➢ HSC PREPARATION WORKSHOPS – SYDNEY UNIVERSITY

The Centre for Continuing Education at the University of Sydney is running intensive HSC Preparation courses in a variety of subjects for Year 12 students who want to extend their studies and enhance performance in their HSC year. We extend an invitation to all Year 12 students to participate in the HSC Preparation program at the University of Sydney throughout 2014.

We also offer selected preparation courses for Years 10 and 11, including Year 10: Preparing for Success and Years 10 – 12 Course: Improving Written English. The next series of courses commence from Monday 14 April 2014 and conclude Thursday 24 April 2014. We also occasionally offer condensed HSC Preparation courses during weekends.

Our range of HSC courses assist students in improving performance in all HSC assessment tasks and facilitate a deeper conceptual understanding of course content. Please visit our website to browse our range of courses online.
**GETTING THROUGH YOUR HSC: A PRACTICAL GUIDE**

We also offer a free copy of *Getting through Your HSC: A Practical Guide* to staff, students and their parents with our compliments. We look forward to welcoming your students and helping strengthen their foundation for HSC success.

**BOND UNIVERSITY - UPDATE ON NEW PROGRAMS**

We’re very excited to announce a new Bachelor of Actuarial Studies program, with the first intake commencing in January 2015. Like all of our other degree programs at Bond, the Bachelor of Actuarial Studies will be fast-tracked through our unique trimester system, so students can graduate in as little as two years. Students who are interested in this course should have a predicted ATAR of at least 95 and will also need to have completed 2-Unit Maths.

*Pathway to Medicine*

Students graduating from Bond’s Bachelor of Biomedical Science in the pre-health professional major (who meet the minimum GPA requirement) may be eligible to enter the second year of the Bond MBBS program. This is a fantastic pathway for students who may have missed out on an initial offer to study Medicine with places in second-year MBBS being opened for five Bond Bachelor of Biomedical Science students.

*Bachelor of Exercise and Sports Science*

Chemistry is no longer a pre-requisite for entry into a Bachelor of Exercise and Sports Science, however, students must still complete 2-Unit Maths to qualify for this course.

*Pathway into Doctor of Physiotherapy*

Every Bond Bachelor of Exercise and Sports Science student, who graduates with a minimum credit average, will be guaranteed an interview for the Bond Doctor of Physiotherapy program.

Scholarship applications – open soon!

Students interested in applying for a scholarship to study at Bond University can do so from Tuesday, 1 April. For more information on what scholarships are available, and what the eligibility requirements are, please visit our website, www.bond.edu.au

*Pathways into Bond University*

We are pleased to offer a number of Higher Education Diplomas for students in the areas of Business, Communication, Criminology, Sports Management, Legal Studies and Sustainable Environments and Planning.
