**MACQUARIE GLOBAL LEADERSHIP PROGRAM**

You are more than your ATAR

Our Global Leadership Program is now open to year 12 students - allowing you to join the Macquarie community before you finish high school. Instead of singularly judging students by their ATAR, we’re looking for students that embody Macquarie’s values. We want students who are not only doing academically well but are leaders in their community, who are actively involved in extra-curricular activities, who succeed not just on paper but also in life. If you fit the bill, we can offer you early entry, so that you can finish your high school studies without stress.

Degrees Available (The opportunity is available for a limited number of single degrees):

- Advanced Science
- Ancient History
- Business Leadership and Commerce
- Engineering
- Global Business
- International Studies
- Law
- Marketing and Media
- Psychology (Hons)

**THE GLOBAL LEADERSHIP PROGRAM**

As our previous students have found, employers value the experience that our Global Leadership program provides. Up until now, only enrolled Macquarie students could enter the Global Leadership Program. In addition to the skills and knowledge that they develop through their chosen degree, this long-established program allows students to gain extra practical skills through volunteering and participating in activities in Australia and overseas. Gain an Advantage!

In addition to receiving early entry into Macquarie, by applying now as a high school student you will also receive benefits such as: participation in the Global Leadership Program activities, including our distinguished speaker series, early enrolment, access to specific activities for Global Leaders such as special events and pre-study programs, access to library privileges during 2014.

This is a competitive application process that will look at relevant academic grades to date as well as your participation in the school and wider community.

**How to Apply:**
Step 1: Obtain your principal’s recommendation and parent’s consent
Step 2: Apply online

Applications will be assessed on a progressive basis. Successful applicants will be made a direct offer for their nominated course by Macquarie University.

See Ms Janes for more information before applying.
