

ST PIUS X COLLEGE
CHATSWOOD

Chatswood Education Precinct

Building Project Update: November 2022

The College has been busy with the continuous improvement of the existing facilities and development of the new Learning Hub on Anderson St to ensure we continue to support our commitment to providing a holistic, innovative and liberating education for our students.

It is important that our campuses continue to develop in a manner that serves the need of our learning community; ensuring we are best able to provide contemporary teaching and learning experiences that are relevant, authentic and creative whilst staying true to our traditions of a proud Edmund Rice school.

The College Educational Brief

The College's Education Brief outlines the future needs of the College and how the land, buildings and the site can accommodate these needs.

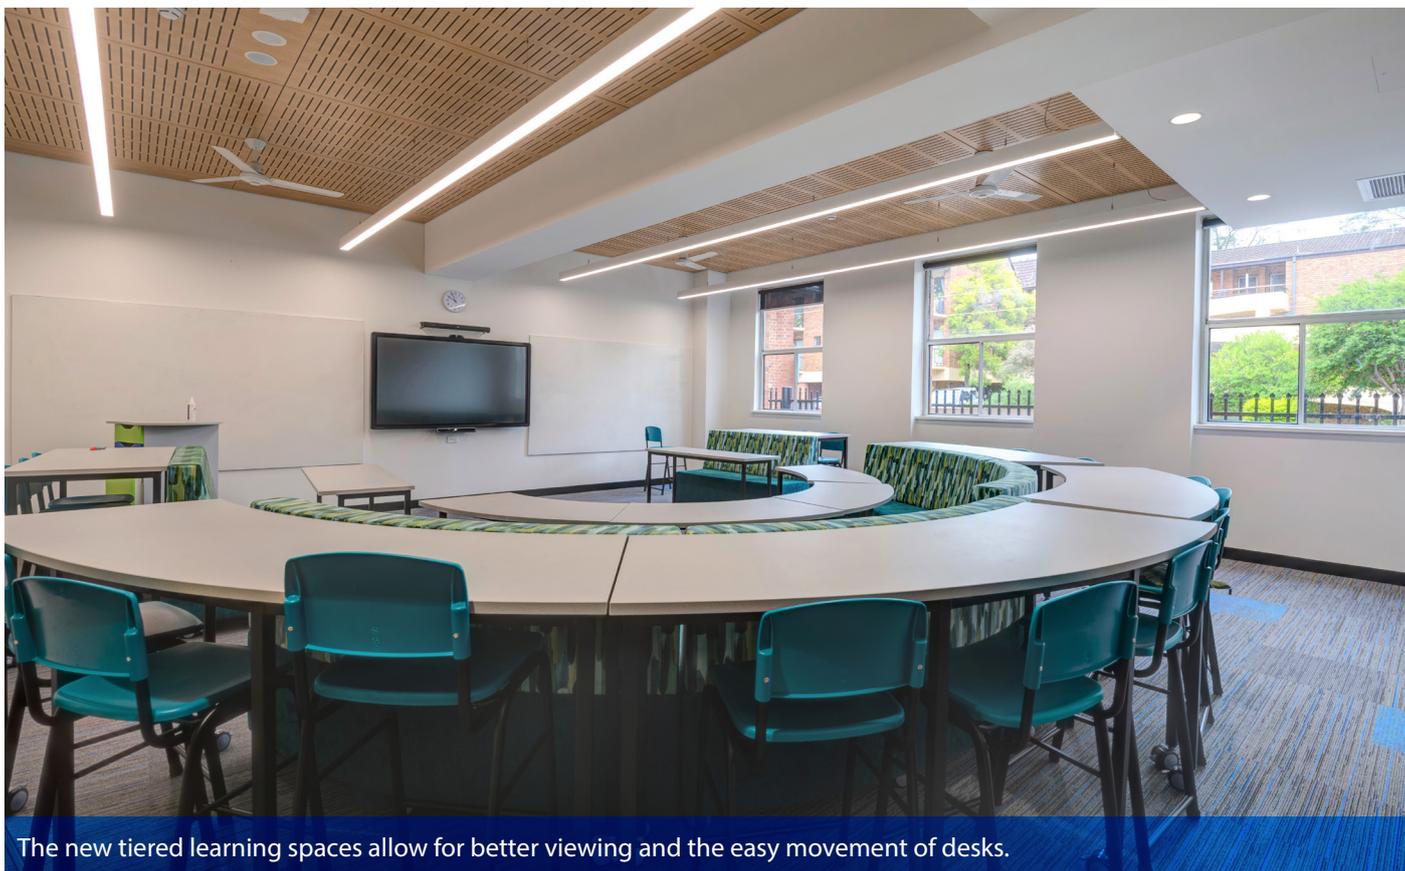

At this stage the College has no plans to increase the number of students but is committed to improving current facilities and increasing the space available for general student learning.

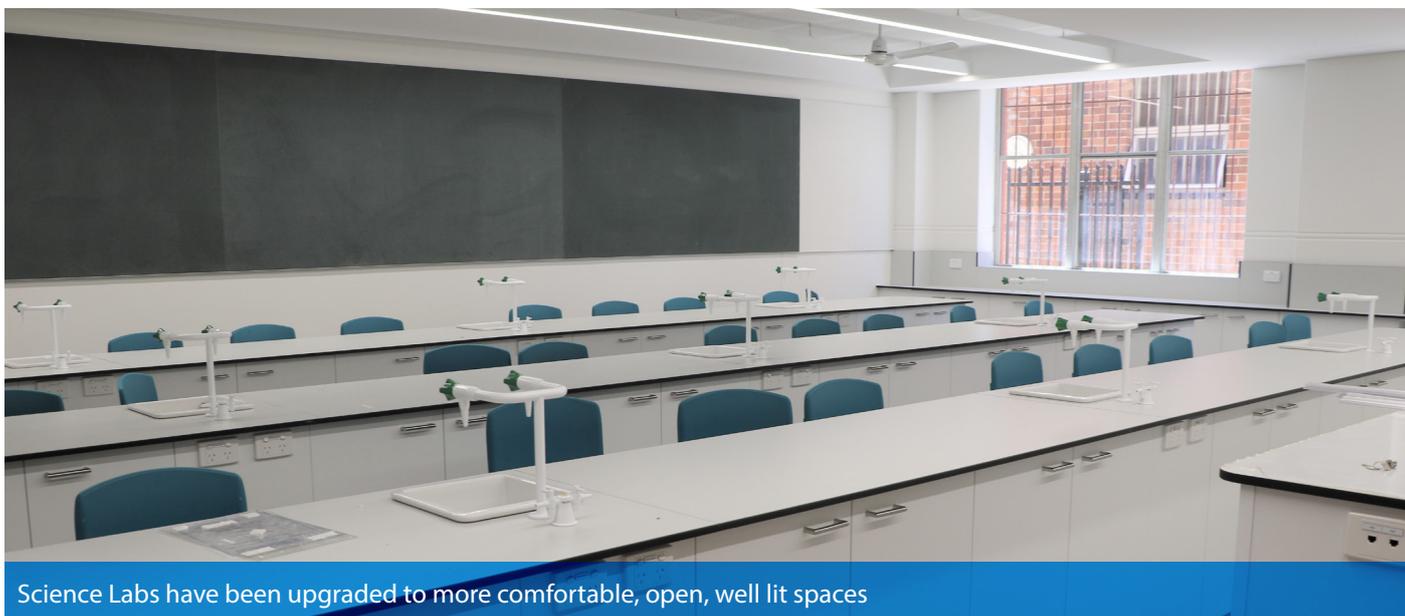

Projects Completed to Date

- ✓ **C Wing Refurbishment**
Completed in January 2020 all 6 classrooms, the toilet block and maintenance facilities were completely renovated
- ✓ **A Wing Refurbishment**
Completed in January 2021 with 10 classrooms including science labs were renovated

Band Room Storage to protect the instruments

The Sarto Gym now has new equipment, new TV screens and motivational signage

Updated Outdoor Areas

Upgraded Outdoor Basketball Court which is a very popular facility

Upgraded Seating area

New Seating and Bins near Podium

Podium Update which includes new seating, Touchstone Signage and St Pius X Backdrop Banner

New Learning Hub at 39-41 Anderson Street

Street view of the proposed Learning Hub from Anderson St (west facing)

The two residences which once stood there

The new Learning Hub, adjacent to the Chatswood Campus is a major expansion to the College's footprint and is part of its ongoing commitment to providing a holistic, innovative, and liberating education for its students. Building commenced November 2021 and despite some weather delays is due to be completed and ready for students and staff toward the start of Term 2 2023.

- The brand-new purpose built, modern, two-level learning space will provide 8 new classrooms that can be used as flexible indoor and outdoor learning spaces
- It features covered outdoor learning spaces, staff collegial spaces, a lift and ramps for accessibility along with full integration into the College IT network.
- Is environmentally sustainable with solar panels, grey water, natural light and air flow
- The space is currently planned to be used by senior school classes.
